SA	SACE Board of South Australia
WA	School Curriculum and Standards Authority
TAS	Office of Tasmanian Assessment Standards and Certification
NT	Northern Territory Board of Studies

Before you go, you might recall participating in NAPLAN.

IF NECESSARY/Note: NAPLAN was a series of tests which assessed you in reading, writing, language and numeracy in Years 3, 5, 7 and 9. NAPLAN stands for the National Assessment Program – Literacy and Numeracy.

We would like to combine your survey answers with your NAPLAN and senior secondary subject results. Doing this would make the survey data more useful for researchers who use the data. These data will not be used for any other purpose than research and all data are stored in secure servers with access restrictions.

IF NECESSARY/Note: **FOR NON-VICTORIAN RESPONDENTS:** Senior secondary subject results include results from Year 11 and Year 12.

IF NECESSARY/Note: **FOR VICTORIAN RESPONDENTS:** Senior secondary subject results include VCE or VCAL results (for example, unit results and study courses).

If you agree for this to happen, you don't need to do anything. Wallis (that's us) will provide your contact details and the names of the schools you have attended to the relevant state/territory education departments who will use your details to find your NAPLAN and senior secondary subject results over time as they become available. They will give your results (but not your contact details) to the Australian Institute of Family Studies (AIFS), who will bring all the information together.

IF NECESSARY/Note: AIFS is a certified data linkage authority. A data linkage authority is an organisation that has been reviewed and certified by the government as being able to perform data linkage work in a safe, secure and appropriate manner.

The combined data are then given to the National Centre for Vocational Education Research (NCVER) which is the research organisation who will add your school results to your survey information.

IF NECESSARY/Note: NCVER use a unique identification number to make the matching happen.

Giving your permission to do this is voluntary. You can change your mind whenever you like, however, any data that have already been combined at that point are combined for good.

If you choose not to consent, that's fine and you can still be part of future surveys.

Do you give permission to the [state/territory education department/authority/board] to release your NAPLAN results so they can be added to your survey responses?

- K11 (1) Before you go, we would like to ask for your permission to link the answers from your survey with information from any vocational education and training, or 'VET' subjects or courses you have done or will do. You may have done these subjects while at school as part of your senior secondary certificate, as part of an apprenticeship or traineeship, or through another training organisation.
- Linking your survey answers with your VET records makes the information more useful for researchers who use the data. This information will not be used for any purpose other than research, and all data are stored in secure servers with access restrictions.
- Giving your permission is voluntary. You can change your mind whenever you like. However, any data that have already been combined may still be used by researchers. If you choose not to consent, that's fine and you can still be part of future surveys.
- If you agree for us to link your data and have a Unique Student Identifier (or 'USI'), the National Centre for Vocational Education Research (NCVER) will use it to link your VET records to the answers from your survey. This includes any VET training you have already done or might do in the future.

If you withdraw from the survey, we'll keep using your information to link to any other VET training that you might do in the future. So make sure you let us know if you'd like to withdraw your consent to link your data.

K11 (2)

You also indicated that you have done some vocational education and training. We would like your permission to link the answers from your survey with information about these VET courses you have done, or any that you might do in future. As with your NAPLAN and senior secondary results, this makes the information more useful for researchers. Permission is voluntary, you can choose not to consent while still being part of future surveys, and you can change your mind whenever you like; however, any data that have already been combined may still be used by researchers.

If you agree for us to link your data and have a Unique Student Identifier (or 'USI'), the National Centre for Vocational Education Research (NCVER) will use it to link your VET records to the answers from your survey. This includes any VET training you have already done or might do in the future.

If you withdraw from the survey, we'll keep using your information to link to any other VET training that you might do in the future. So make sure you let us know if you'd like to withdraw your consent to link your data.

K11 (3)

Before you go, we would like to ask for your permission to link the answers from your survey with information from any vocational education and training, or 'VET' subjects or courses you have done or will do. You may have done these subjects while at school as part of your senior secondary certificate, as part of an apprenticeship or traineeship, or through another training organisation.

If you agree to this, you don't need to do anything. Wallis (that's us) will provide your contact details to the USI Office so they can locate your Unique Student Identifier (or 'USI') (if you have one). The USI Office will then give your USI to the National Centre for Vocational Education Research (NCVER) who will use it to link your VET records to the answers from your survey. This includes any VET training you have already done or might do in the future.

If you withdraw from the survey, we'll keep using your information to link to any other VET study that you might do in the future. So make sure you let us know if you'd like to withdraw your consent to link your data.
